

CAREER OPPORTUNITIES

Externships & Junior Associate Programme

BAKER McVEIGH
International

JOIN
OUR
TEAM!

Extern with a family-like, supportive team in one of **Baker McVeigh's eight international practices**. You'll rotate through diverse yards, ask questions freely, and follow senior vets as they manage performance horses and maintain equine excellence — an invaluable opportunity to develop clinical and practical skills.

Externs learn alongside **Baker McVeigh's experienced equine team**, observing ambulatory calls, hospital cases, and top-level sports medicine. You'll learn how veterinarians support elite athletes across show jumping, dressage, eventing, polo, and endurance, gaining valuable hands-on insight into high-performance equine care.

The **Junior Associate Programme** is a unique, structured and practice-based two-year course set within our world-renowned Baker McVeigh practices. Veterinarians will be guided and trained in all aspects of equine sports medicine and surgery, giving them a broad and solid foundation to advance their careers.

Travel bursaries open the door to a world of opportunity for passionate students. To learn more, visit our website at www.bakermcveigh.com.

EXPERIENCE WORLD-CLASS EQUINE PRACTICE AROUND THE GLOBE

Baker McVeigh Equine Clinics are located across some of the world's most renowned equestrian centers, including Newmarket, Lambourn, Yorkshire, Chantilly, Bahrain, and multiple locations in South Africa (Summerveld, Cape Town, and Johannesburg). These **iconic regions are rich in equestrian tradition** and provide an incredible backdrop for hands-on learning and professional growth.

Whether as an extern or junior associate, you have the opportunity to immerse yourself in diverse environments — from the historic racing stables of England to the dynamic polo and endurance scenes of the Middle East, and the vibrant racing and breeding hubs of South Africa. Beyond the clinic, you can explore stunning countryside, enjoy local food and culture, and connect with passionate horse communities around the globe.

With modern facilities, experienced clinicians, and a wide variety of cases ranging from elite performance athletes to cherished leisure horses, Baker McVeigh offers an exceptional opportunity to expand your equine knowledge while **experiencing a truly international lifestyle**. This program is designed to inspire, challenge, and prepare you for a successful future in equine veterinary practice anywhere in the world.

Externships are open to current veterinary students and qualified veterinarians. Applicants should indicate their preferred dates and practice location when enquiring. **Apply online at www.bakermcveigh.com.**

The **Junior Associate Programme** requires a two-year commitment and is designed for graduate veterinarians who have completed an internship. Visa, work permits, travel, and accommodation are provided. **Apply online at www.bakermcveigh.com.**

Baker McVeigh International transcends borders through global equine veterinary education opportunities.
